

Producers from across the province and beyond are invited to attend the GBFW19 Agricultural Conference via live streaming!

Grey Bruce Farmers' Week (GBFW) Agricultural Conference and Tradeshow has been a main stay for the agricultural industry in Grey County since 1966. The featured commodities have changed as our agricultural focus has evolved, but our mandate to educate farmers and agribusinesses has remained firm.

2018 marked an exciting technological advancement for GBFW, as it was our first year to live stream all 7 days of our fantastic educational content! In 2019 we will continue to offer this online viewing option. Live streaming allows us to share our excellent speakers and presentations with anyone who has access to reliable internet services.

Please note that the commodity days will be live streamed on the dates below. However, ticket holders will be able to access that content at their convenience for one month following the event.

Mark your calendars for GBFW19. Please note changes to the day order!

Dairy Day, Jan. 3, 2019
Goat Day, Jan. 4, 2019
Sheep Day, Jan. 5, 2019
Horse Day, Jan. 6, 2019
Beef Day, Jan. 7, 2019
Crops Day, Jan. 8, 2019
Ecological Day, Jan. 9, 2019
