

FoodShare

Join FoodShare's dynamic team of educators for two exciting days of hands-on Food Literacy learning!

Field to Table Schools Educator Workshop

August 9-10, 2012

What

- Two days of interactive professional development workshops on good food education for children and youth.
- Receive lesson plans and design ideas for dozens of activities including indoor and outdoor growing, small scale aquaponics, classroom cooking and tasting activities, sprouting, grant writing and more.
- You'll walk away with a set of interactive, curriculum-linked Food Literacy lesson plans suitable for any educational setting.

When & Where

- **Thursday August 9th, 10-3pm at Bendale BTI in Scarborough**
A school-based market garden complete with large-scale aquaponics system.
- **Friday August 10th, 10-3pm at FoodShare's education centre**
Canada's largest food security organization complete with community gardens, greenhouse, composting facility, and teaching kitchen. Participants will also get a chance to enjoy the new Brock JPS Terrace Garden.

Who

- Classroom, garden, kitchen, childcare facility, after school program or community centre educators.
- Anyone interested in further developing their Food Literacy knowledge to enhance the learning experience of children and youth.

Since 2006, Field to Table Schools has provided good food education for nearly 10,000 students from JK - Grade 12, and over 1000 educators. We've assisted the development of over 30 school food gardens and composting programs and have designed innovative technologies for growing food in classrooms and school yards all year round.

FoodShare's Field to Table Schools team are five experienced and passionate educators with a range of professional backgrounds including: Holistic Nutrition, Child and Youth Work, Dietetics, Engineering, Environmental Education, and Carpentry.
