

How can we use 'Apps' and Maps to Market Healthy Local Food?

Please join us to discuss how we can use an 'app' and online map to connect local food providers to local customers. The SmartAPPetite team would like to invite you to one of its upcoming workshops in Southwestern Ontario.

We hope one of the workshops is convenient for you. If not, then we still want to hear from you!! Please send us an email at smartappetite@uwo.ca and we can talk more about the project.

[SmartAPPetite](#) is a collaborative project which aims to support the local food economy & help improve access to healthy food in Southwestern Ontario. We are developing a smartphone 'app' and an interactive website and would like to learn how such technology can benefit local communities from 'field-to-fork', including local farmers, processors, producers, retailers, chefs, restaurateurs, and customers.

We look forward to meeting you! All are welcome, the workshops are free and light refreshments will be provided. If you would like to receive more information please contact us at smartappetite@uwo.ca.

Thank You,
The SmartAPP Team
