Traceability Workshops Announced for 2015 *Maximize your traceability investment*

By Ontario Soil and Crop Improvement Association

This free one-day workshop focuses on how you can gain a competitive advantage and improve your bottom line with your traceability system. Real life examples and business profiles focused on traceability best practices will be examined throughout the workshop.

At the end of the Maximizing your Traceability Investment Workshop you will be able to:

- Discover how to make your traceability investment work to your advantage
- Evaluate how you currently collect and manage Traceability information in your business
- Identify methods for improving your traceability system to gain added value through reduced costs, improved profit margins and increased market potential

Register for these workshops at <http://registration.wildapricot.org/>
