

* MEMBER *

Welcome to Sustain Ontario

*the Alliance for Healthy Food
and Farming*

Our mission is to provide coordinated support for productive, equitable and sustainable food and farming systems that support the health and wellbeing of all people in Ontario, through collaborative action.

GROW YOUR COMMUNITY

Please fill out your online profile as completely as possible. A complete profile will help us connect you with networks and other members doing work that is relevant and of interest to you. You can login to your **online profile** with your email and password. Once logged in you can update your profile, and connect with our online community. Your login also allows you to view member only content on our website!

In order for us to provide optimal support for our members we regularly monitor and evaluate our programs and ask for your input! Once or twice a year we will send out a member only survey, please take a few minutes to complete the survey. We appreciate your input.

SUPPORT HEALTHY FOOD & FARMING

Share the Sustain Ontario badge on your website, social media, and print materials to show that you are a part of the alliance that is transforming Ontario's food systems. The image file in your email contains the badge, and tips for posting the badge on your website in HTML. Hyperlink the badge image to your Member Directory listing on the Sustain Ontario website so that your followers can learn more about your involvement with Sustain Ontario.

Join one of our networks to connect with other members and focus on specific initiatives within Sustain Ontario. Networks are a great place to show your support, and have your voice heard! Email members@sustainontario.ca to join a network.

PROMOTE YOUR INITIATIVES

As a member of Sustain Ontario we are proud to share your events, milestones, campaigns and more! Submit your events, press releases or other materials you would like promoted by emailing members@sustainontario.ca. Our blog and social media are dedicated to member stories and initiatives that are changing the food system. Don't forget to add you resources to our **online library!**

We will occasionally send out a member newsletter that provides updates, summarizes our recent accomplishments, and post opportunities for collaboration on upcoming campaigns and events. Please add us as a contact in your email to ensure our emails reach you.
